

THE RISK IS REAL

A flood starts with a single drop of water – but it doesn't stop there. All it takes is one persistent thunderstorm and suddenly, water is rushing under your door. Without flood insurance, you'd have to pay for ruined walls, furniture, floors, rugs, baseboards, electronics and more. Buying affordable flood insurance lessens your financial burden, and makes it faster and easier to repair the damage and make your house a home again.

**DON'T WAIT —
CALL YOUR INSURANCE AGENT TODAY.**

More than 80 insurance companies offer preferred risk flood insurance from the National Flood Insurance Program, and whichever company you use, it's sold at the same low price.

Flood insurance only goes into effect 30 days after purchase, so pick up the phone and call your insurance agent today about purchasing a Preferred Risk Policy.

PEACE OF MIND FOR AS LITTLE AS \$119 PER YEAR

Every year, thousands of people learn the hard way that you don't need to live near a river or coastline to face a flood. Floods are the #1 natural disaster in the United States yet only a fraction of homes are protected against the cost and aggravation of flooding with flood insurance.

WHY RISK YOUR HOME WHEN:

- Most homes outside of high-risk areas will qualify for the National Flood Insurance Program's Preferred Risk Policy.
- Preferred Risk Policies offer the same quality coverage as a Standard Flood Insurance Policy, providing you with both building and contents options: You can purchase up to \$250,000 of building coverage and \$100,000 of content coverage for just \$348 per year. Other coverage options start as low as \$119 per year.
- Preferred Risk Policies are available in most communities across the country – wherever flood insurance is sold, and available to homeowners, condominium unit owners, and renters.

Most homeowners insurance doesn't cover flood damage. Federal disaster assistance is not always available for flooding—and if it is, it's usually a loan that must be repaid. Isn't buying a Preferred Risk Policy a small price to pay for protection from what could be a big, expensive, time-consuming problem?

About twenty-five percent of flood insurance claims come from areas outside of high-risk zones. The risk is real, wherever you live.
